

Intern Placement Proposal

Park Name: Recreation Grants Branch – Boating Access

Internship dates: Flexible – June, July & August

Job Description & Duties: Recreation Planner conducting research

Specific Project: Update statewide inventory of public boat ramps and boat pump-out facilities and creation of an electronic database.

Skill Requirements: Planning, use of databases and geographic information systems

Job Training: Will learn about distribution of public outdoor recreation facilities, geographic information systems, recreation grants and databases.

Anticipated Benefits for the Intern: Knowledge of databases and distribution of public boating access facilities.

Anticipated Benefits for the Park: Update of an inventory that is in disarray and will result in information being printed and distributed to the public via the *Texas Public Boat Ramps* brochure.

Housing: None, stationed at Austin HQ (Airport Commerce Park). Some travel will be required to field check sites.

Salary: \$9.58 to \$11.65 an hour depending on number of earned college semester hours.
